

My Reading/ELA  
**Choice Board**

Choose <sup>1 per</sup> day activities

to complete by April 10, 2020.

Write a sentence (or 2) about a food that you like. Draw a picture to match.

Write the following words in chalk, paint, markers, etc. (choose 1 tool)  
Parent/guardian say the word and let student "tap it out" and write: **pet, fish, map, gum, rock**

Parents – Say one word at a time (listed below) and have your child tap it out on their fingers and say the sounds of each word.

**Pet**  
**Pete** (how do these sound the same and different?)  
**Cap**  
**Cape** (How do these sound the same and different?)

Read a book with a parent or online [www.getepic.com/students](http://www.getepic.com/students) class code DRX-2299. If reading online (also an app), choose your avatar/name and pick a Read to Me story. Draw what happened in the beginning, middle and end of your book on story map.

Read 3 stories (you can read the pictures!!) to your favorite stuffed animal/toy. Record on reading log,

Go outside and read a book (or more!) while having a picnic/snack. Tell a sibling or parents what you read about. Record on reading log.

Create flash cards with your ten sight words in your Blue Folder. Practice these with an older sibling or parent.

Write your 10 sight words with chalk, paint, crayons, etc. (just choose one). Be creative

Use 3 sight words to write 3 sentences. Circle each sight word in your sentence.

# My Math Choice Board

Choose 1 per day activities

to complete by April 10, 2020.

<p>Use your Math Fingers to count to 20 (your child has practice this in class!) Start with the pinky on your left hand and count to ten. Then 11 is ten fingers and 1 left pinky finger ("10 1, 11")</p>	<p>Write all of your numbers (1-20) with chalk, paint, stickers, markers, crayons or using another tool (Just choose one way). Be creative and have fun!</p>	<p>Use legos, toy cars, toy animals or another small toy to show how to make the number 14. This should look like ten toys in one pile grouped together in a neat 5 on top row and 5 toys on bottom row and then four extra toys. **Challenge: Write a number sentence and number bond to show 14.</p>
<p>Write the following number sentences and put them in number bonds. Draw pictures to match. <math>10 + 3 = 13</math> <math>10 + 8 = 18</math></p>	<p>Solve the problem: Eason has 10 dog bones and 5 more dog bones outside. How many bones does Eason have? Draw a number sentence, number bond, and picture to show your work</p>	<p>Count to 100 by 1s and 10s. You can also count along with Jack Hartmann on Youtube with your favorite Count to 100 video! <a href="http://www.youtube.com/user/JackHartmann">www.youtube.com/user/JackHartmann</a></p>
<p>Do 10 and 5 more jumping jacks. How many did you do? Do 10 and 7 sit-ups. How many did you do? Run while you count 10 and 1. What is 10 and 1?</p>	<p>Look around your house and find 3 things that you have a teen number of (11-19). For example, you have 12 pillows. Draw what you find and circle your group of ten in each picture.</p>	<p>Think of your favorite physical activity to do (throw a ball, kick a ball, yoga, dance, etc.) and do that for 15 minutes. Draw a picture of what you did!</p>

# Sight word sentences

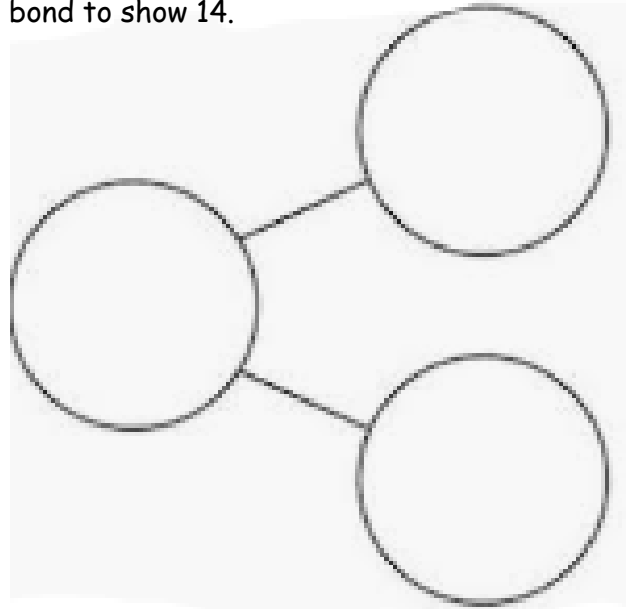

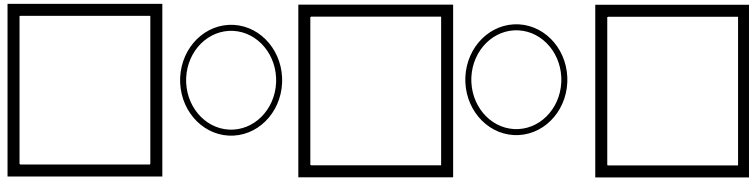

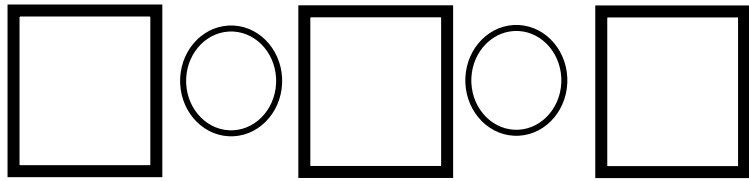

Math Writing numbers (if not using paint or chalk)

Math \*\*Challenge: Write a number sentence and number bond to show 14.

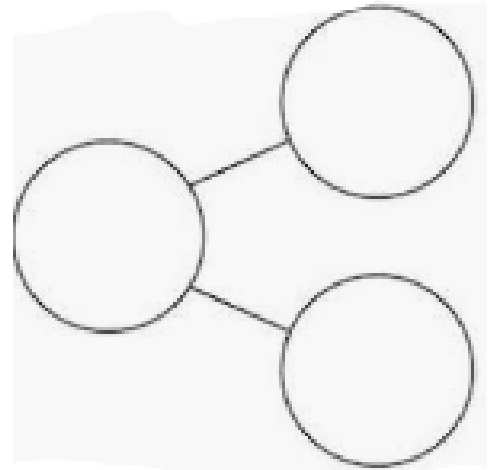

Write the following number sentences and put them in number bonds. Draw pictures to match.  $10 + 3 = 13$

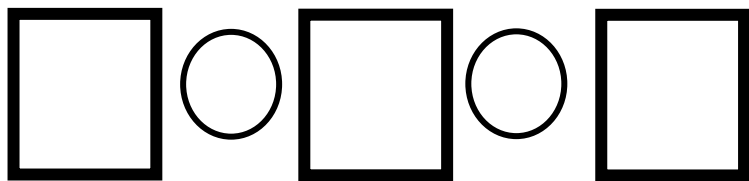

Picture

A large rectangular box with a thin black border, intended for drawing a picture that matches the number sentence  $10 + 3 = 13$ .

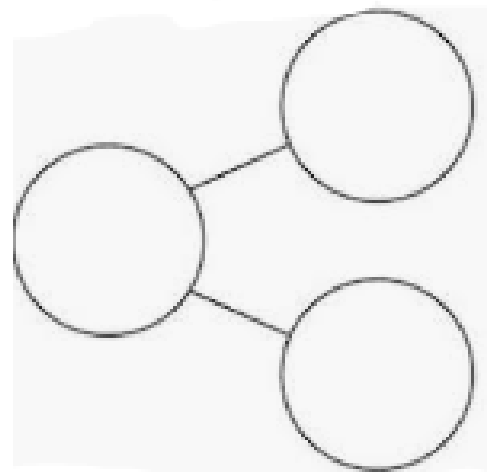

$10 + 8 = 18$

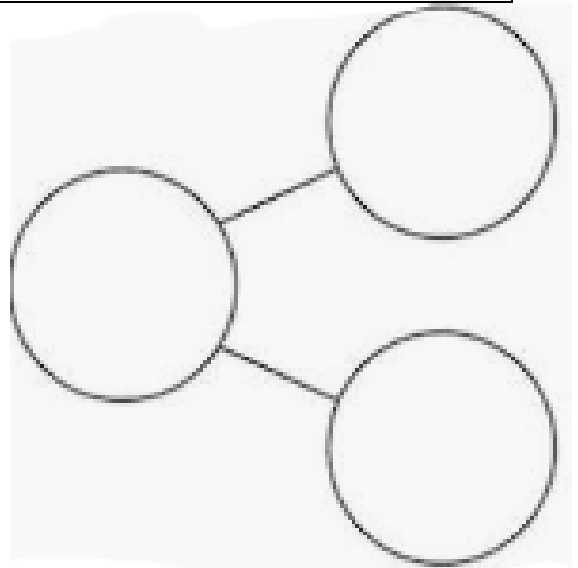

Picture

A large rectangular box with a thin black border, intended for drawing a picture that matches the number sentence  $10 + 8 = 18$ .

Solve the problem: Eason has 10 dog bones and 5 more dog bones outside. How many bones does Eason have?  
Draw a number sentence, number bond, and picture to show your work

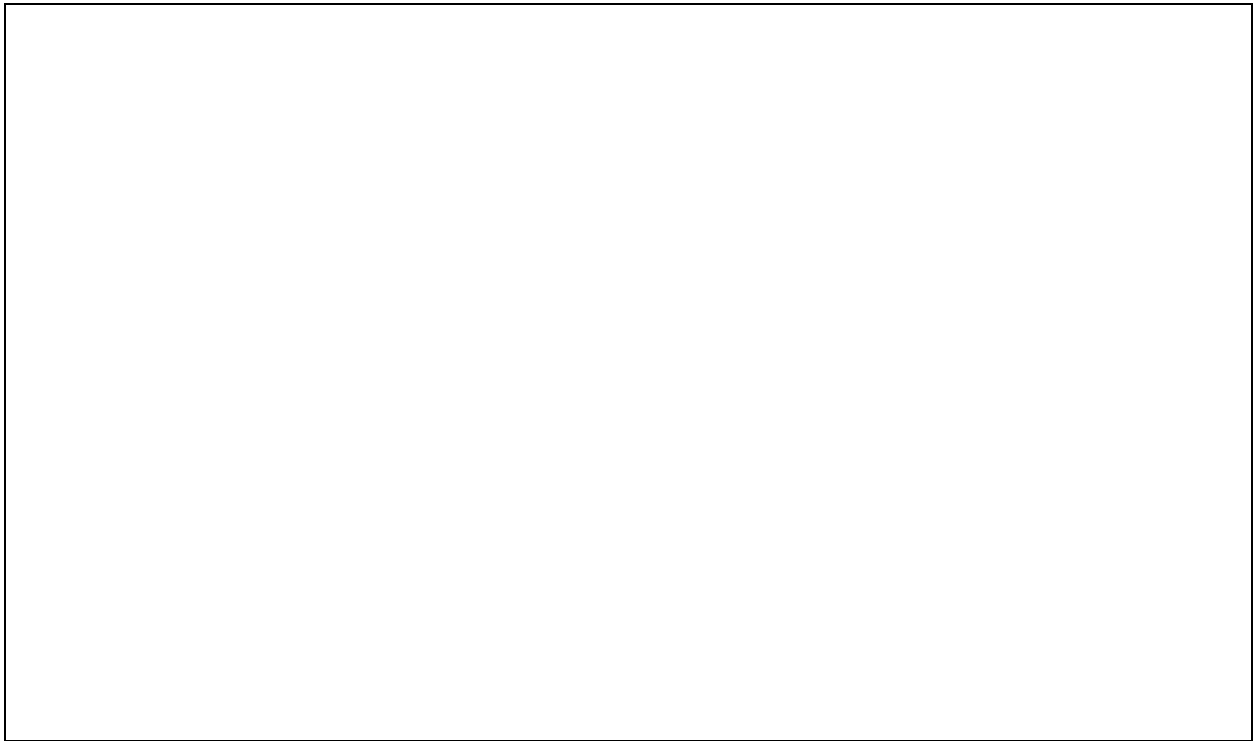

What is 10 and 5?

What is 10 and 7?

What is 10 and 1?

Look around your house and find 3 things that you have a teen number of (11-19). For example, you have 12 pillows. Draw what you find and circle your group of ten in each picture.

Think of your favorite physical activity to do (throw a ball, kick a ball, yoga, dance, etc.) and do that for 15 minutes. Draw a picture of what you did!
